A very elegant writing table as popular in the 1780s and 90s as now and finished on all sides, that would be positioned in a drawing room and was often considered a ladies desk.

This table is particularly interesting as the writing surface extends to provide a greater surface area. The table retains its original leather, finish and has been untouched for the last century.

London, England c. 1780-90

Provenance:

McLean Family, Philadelphia

Philadelphia Museum of Art as of 1942

Acquired by us from the above

Note: During inspection a letter addressed to a Miss Sally McLean and dated 8 June 1920 and thus confirming the provenance was discovered hidden in the desk and will accompany the piece.
